

Rental Procedures

August 3, 2005

A person may view the exterior of any rental property Century 21 Campbell & Company has available. To view interiors, a rental application must be completed and approved.

After approval, you will be notified by the property manager and at this time, you will be able to schedule appointments to view the current rental properties.

Once you have decided on a rental house to lease, you will be required to sign a lease agreement.

After the lease agreement is signed, Century 21 Campbell & Company requires a full months rent to be paid up front, along with a deposit. The deposit required is the amount of one months rent.

Example: If your rent is \$375 a month, your refundable deposit will be \$375.

Other information regarding the lease agreement can be discussed prior to the signing of the lease. Century 21 Campbell & Company does not provide copies of lease agreements for other parties.
